

POWER'Z EDGE[®]

by **ATLAS** Fuel Services

Our proprietary formula is designed to provide performance enhancing properties to help boost cetane value and reduce engine knocks while helping to inhibit corrosion to improve fuel economy and emissions.

Product Benefits:

- + When used consistently, works to clean fuel injectors and maintain optimum engine performance
- + Helps reduce sludge formation, injector deposits, smoke and damage to fuel filters
- + Can boost cetane and reduce engine knocks
- + Disperses water safely and gradually, which can extend the life of fuel filters, fuel injection pumps and fuel injectors
- + Helps to protect all diesel fuel injection systems while reducing pump and injector wear
- + Can help enhance cold starts, reduce misfiring, white smoke, and noise

RECOMMENDED USAGE:

FOR BULK TANK TREATMENT: 1 gallon of Power'z Edge[®] treats 1,000 gallons of fuel to help improve fuel economy and emissions

Typical Properties

Appearance	Amber Liquid
Specific Gravity	0.94 (15.6°C)
Density	7.83 lbs/gal
Flash Point	155°F
Pour Point	-50°F
Viscosity	-4.2 @ 40°C
